

## COVID-19 Protocols & Guidelines Agreement

We are so excited to be back in the studio and serving your children! During this time, we are following our Governor, CDC, and the Federal Government's guidelines to start operations again. Please note our updated guidelines for when coming to your child's class. We appreciate your understanding and compliance of these new protocols. The rules being implemented are to help prevent the spread of Covid-19, and to keep you and our staff safe.

1. Please bring your **COVID-19 Pre-Screen Questionnaire, and Protocols & Guidelines Agreement** with you to your class already filled out and signed. This will help us stay on time for everyone's classes.
2. With 6 feet social distancing and minimizing group settings still in effect, the Reception Area is closed. Parents and family will be asked to wait outside or in their car. **\*Please note: We will be allowing dancers six years and younger to be accompanied by one adult as needed into the building.\***
3. Please be courteous and arrive at your class on time -**no more than 10 minutes prior to class time.** Students should be dropped off and picked up at the front door. **Parking is not allowed in the fire lane in front of the studio. PLEASE BE PROMPT FOR DROP OFF AND PICK UP.**
4. **Face Coverings** must be worn at all times while entering and exiting the building, and while in the common areas of the studio. We will not be requiring students to wear a face covering while dancing. However, students may choose to wear a face covering during class at their own discretion.
5. Students may bring in one bag with their personal belongings. **Students should arrive dressed for class.** To avoid congestion, we will not be using the cubbies. Students will bring their dance bag into the classroom with them.
6. A member of Linda's Ballet Workshop's Staff will check your child's temperature and collect your signed paperwork prior to entering the studio classroom. Anyone with an elevated temperature of 100.4 degrees or higher will be sent home.
7. All students will use hand sanitizer upon entering and exiting the classrooms. If your child is sensitive to hand sanitizer, they have the option of washing their hands.
8. The drinking fountain is closed. Students should bring their own clearly labeled water bottles. Parents must ensure these bottles are cleaned before and after attending class.
9. All common surfaces such as barres, mats, etc. will be sanitized by the staff before and after each class.
10. All Staff of Linda's Ballet Workshop, Inc. will be monitored with daily health checks.

**Even with all of these rules in place, we can't guarantee 100% safety from COVID-19. We are continuing with the online classes to accommodate students that are not in the studio.**

- I have read this entire form and understand what to expect when arriving for classes at Linda's Ballet Workshop, Inc. until further notice.
- I understand that I am choosing to come in for elective dance classes for my child/children. By coming in for class I understand that I am doing so at my own risk and will not hold Linda's Ballet Workshop, Inc., any of its employees, students, or their families responsible for contraction of any illnesses while participating in classes or while visiting the studio.
